

## The Rudolf Mononyane Scholarship Sponsored by Abbvie and Augustine Medical

This scholarship was previously known as the AbbVie Scholarship but after additional funding was obtained by SASA from Augustine Medical, over and above AbbVie's continued valuable contribution, the scholarship has been rebranded in honour of our fallen colleague Dr Rudolf Mononyane.

In addition, there was a change in how funding will be allocated for all new recipients from 2022. Funding will now be provided for the following:

- \* University fees
- \* Examination fees
- \* Textbooks

Recipients will need to submit their claims to the SASA Administration Office in order to be re-imbursed.

**With regards to the online application form, please take note of the important information:**

- \* Each question must be answered. It is imperative that all questions are answered correctly, as once the application is submitted, no changes may be made.
- \* All supporting documentation that is requested must be uploaded, as per each individual question, to the online application form. If supporting documentation is missing, your application will unfortunately not be considered.
- \* Please read through the entire application and the requirements prior to your completing it, and please review your application prior to your submitting it, in order to ensure that it is correct.
- \* Only one application is permitted per person.
- \* Once submitted, you will receive an email with a copy of your submission.

Should you have any questions regarding this process, please contact Deidré Roets at SASA via email: [sasa@sasaweb.com](mailto:sasa@sasaweb.com).

We wish you all the best with your application!
